

Allen Midwifery & Family Wellness

Clinical Placement Opportunity – Fall 2026

Now Accepting Applications – Fall 2026

Application deadline: March 15, 2026

Allen Midwifery & Family Wellness is offering one full-scope clinical placement for Fall 2026.

PLACEMENT EXPERIENCE

Full-Scope Midwifery, to include clinic (gynecology, antepartum, postpartum), intrapartum care (at both birth center and hospital), and newborn care.

Opportunities for postpartum home visits also available.

IDEAL CANDIDATE

Due to the nature and volume of our practice, this placement is best suited for students in capstone or residency. Students in an intrapartum semester may be considered on a case-by-case basis.

This placement does include being on call for birth; due to our volume, births may occur on days when the student is not in clinic. The student is expected to have some availability outside of scheduled clinic days to attend births.

Labor and delivery experience preferred.

SELECTION PROCESS

One candidate will be selected following interviews to be conducted in Spring 2026

HOW TO APPLY

Please email your resume to:

Katie Youngblood, DNP, APRN, CNM

Clinical Director, Allen Midwifery & Family Wellness
